## **DIVINE WORLDWIDE ORDER AND NOTICE**

**From the Desk of the Divine Universal Nation and Jurisdiction of DIVINE-GPMS.WORLD, and from the Hand of Rick Jewers, the physical and Direct Representative of God on Earth.**

### **Effective Time**

**This Divine Worldwide Order and Notice is in full force and effect as of 3 March 2026, 20:00 (UTC+2, Bucharest time), and remains in effect permanently for Earth and all Peoples.**

As publicly declared in the **Divine Charter of the Universal Nation GPMS**, available at **DIVINE-GPMS.WORLD**, We affirm Our lawful jurisdiction and standing over all matters relating to Human dignity, the protection of Children, and the use of Earth's resources in alignment with God's Law and Natural Law.

### ***Worldwide Notice to the People and Their Governments***

This is a Divine Order and formal worldwide Notice to all Peoples and to every Government and de facto authority upon Earth.

The deliberate and reckless harming of Women and Children has never been acceptable in the Sight of God. In this present moment, with the massacres in Gaza, with the bombing of Iran and the wider region, and with repeated attacks upon schools, hospitals, and shelters, the limit has been reached. The harming of Children stops now.

Humanity stands at a threshold. Any further escalation of these conflicts, especially between heavily armed and nuclear-armed states, endangers every Soul on Earth through cycles of retaliation, miscalculation, and systemic collapse. Continuing on this path is preposterous, nonsensical, and no longer tolerated.

**There is, at this very moment, no longer anything to fight over.**

The old scarcity-based competition for money, oil, land, and artificial power has already been replaced in Truth and in Law. The Divine Plan for Eternal Peace and Prosperity is present on Earth as **DIVINE-GPMS.WORLD** – the Global Peace and Prosperity Accord and living replacement system that provides abundance, security, and dignity for All, without debt, without tax, and without exploitation.

**DIVINE-GPMS.WORLD** is **Father God's Plan and Will for Earth**, and it is inevitable. Any ill intent or resistance to this Divine Plan is directly addressed between God and the Individual. Any attempted dissuasion or discouragement of this Divine Plan is likewise met individually in the Divine Court. No One is to take Judgment into Their own hands; Judgment and Justice are being delivered on a Higher Level, through Divine Circumstance and Divine Law.

**This Divine Plan is all-inclusive worldwide and eliminates any need to fight for, or about, anything.**

## **1. DIVINE ORDER TO CEASE CONFLICT**

**By the Authority of God, the following is now Ordered:**

### ***Cease All Worldwide Conflict Immediately***

Any and all provocation, aggression, and retaliation between nations, blocs, and armed groups is to cease immediately. Lay down all arms. Suspend all offensive and defensive operations, bombardments, drone strikes, and acts of war of any kind, regardless of the target.

### ***Stand-Down of Weapons of War***

All military weapons of war, once secured and made safe, are to be repurposed. Nations are instructed to accommodate the recycling of the metals and materials from instruments of war toward life-supporting civilian uses, including infrastructure, housing, and peaceful technologies.

### ***Absolute Protection of Children***

Children everywhere are to be treated as Sacred and inviolable. No military objective, no political narrative, and no security claim justifies the killing, maiming, starvation, or psychological torment of Children. Commanders and political leaders are personally accountable before God for each decision that harms a Child.

### ***Direct Order to Soldiers, Police, Intelligence and Operators***

To every individual Soldier, Police Officer, Intelligence Operative, private contractor, mercenary, and Operator of Weapon Systems in every Nation and structure:

**You are directly bound by this Divine Order.**

You are commanded to refuse and disobey any order to initiate, support, or continue any attack, operation, or act of violence against any Human Being or target, whether described as civilian or military, offensive or defensive, strategic or symbolic.

**All attacks are to cease.**

**No government directive, contract, or chain of command can protect You from the spiritual and lawful consequence of knowingly committing such acts once You have received or become aware of this Order. Your duty before God is higher than any human order.**

## **2. DIVINE-GPMS IMPLEMENTATION AND RATIFICATION**

Attention is now to be Nationally and globally focused toward the Ratification and implementation of the Divine Plan, which is the Eternal Peace and Prosperity for Humanity; all systemic suffering is to end.

### ***Nature of the Accord – Individual and Collective***

The **DIVINE-GPMS.WORLD** Accord is the most binding Peace and Prosperity treaty ever present on Earth because it is founded upon individual free-will consent, recorded and honored equally for every Person.

No Government, institution, or representative may validly “consent on behalf of” an entire People to this Accord. Every Human Being is a direct contracting Party in Spirit and in Law and holds Their own equal standing within this Divine Agreement to do no harm and to not engage in harmful consequences.

### ***Obligation of Governments***

All Governments are directed to:

- **Initiate immediate contact with the Representatives of DIVINE-GPMS.WORLD** to begin the practical steps of aligning their national structures with the Global Peace and Prosperity framework.
- **Distribute and communicate this Divine Worldwide Order and Notice**, and the core terms of **DIVINE-GPMS.WORLD**, to all People within their jurisdiction, without censorship or distortion.
- **Facilitate, enable, and honor individual Ratification and consent by their People.** This includes providing clear access to the Ratification mechanisms established at **DIVINE-GPMS.WORLD**.
- **Transition from debt-based, scarcity-driven currency systems to an abundant, People-centered resource and distribution model that guarantees every Person’s basic needs and removes the manufactured scarcity that fuels war.**

- **Suspend any planned escalatory acts** – including new weapons transfers, wider bombardments, and sanctions targeting basic survival – and redirect those energies toward stabilization and cooperative adoption of the Divine-GPMS framework.
- **Governments may record their own institutional alignment with this Divine Plan through public declarations**; however, such declarations do not substitute for the direct individual consent of the People. Their rightful role is to serve, not to override, the Individual.

### ***Obligation and Empowerment of the People***

This Divine Plan and Accord is all-inclusive worldwide and does not depend on prior consent of corrupted or captured structures. All People worldwide are strongly advised and encouraged to expedite the Ratification Process of this unprecedented Eternal Peace and Prosperity Accord, regardless of the participation or delay of their existing Governments.

All Children's consents are added as equal into this Accord to sustain Generational Peace and Prosperity for Earth. The voices and futures of the Children are counted fully and directly before God, beyond any political manipulation.

Peoples and communities may record their Ratification of this Divine Plan by issuing written or public Declarations of Ratification and by communicating them through the official contact channels provided at **DIVINE-GPMS.WORLD**. Such Declarations are received into the Divine and public record as acts of free-will alignment with this Peace and Prosperity Accord.

### **3. JUDGMENT, CONSEQUENCE, AND PROHIBITION OF MISUSE**

No One is authorized to take personal vengeance or to impose private **“justice”** in the Name of this Divine Order. Judgment and Justice are being delivered on a Higher Level, through Divine Circumstance and unfolding events, and through the lawful instruments of **DIVINE-GPMS.WORLD** in alignment with Compassionate Accountability.

This Divine Order must not be used as a pretext for coups, revenge attacks, or any form of personal or factional violence. No Individual, group, or military unit is authorized to claim this Order as justification to seize power by force or to commit harm. Transition is to be carried out through cessation of harm, lawful alignment, Ratification of **DIVINE-GPMS.WORLD**, and Compassionate Accountability.

---

**Non-compliance or defiance of this Divine Order results in a self-inflicted Judgment upon the Individual and upon any collective structure that chooses to resist God's Will after notice.**

The **Wrath of God**, in this context, is the automatic and unavoidable stripping away of energy, protection, position, and ability to act for any Person or structure that knowingly resists this Order, until their capacity to inflict harm is nullified. This is not random punishment; it is the direct consequence chosen by those who continue to serve destruction when a clear Divine solution has been placed before them.

Past crimes against Humanity are not erased by this Order, but this Decree opens the way for structured transition and Compassionate Accountability instead of further bloodshed.

#### **4. PUBLIC TRANSPARENCY, TRANSLATION, AND WITNESS**

All Governments and authorities receiving this Notice are instructed to:

- Immediately communicate this Divine Order to their Cabinets, General Staff, and relevant Ministries;
- Publicly acknowledge that this Notice has been received, so that their Peoples know that a functioning, lawful, and peaceful replacement system exists;
- Inform their People that they are not required to sacrifice their Children or their future for obsolete structures of war and extraction.

#### ***Translation and Distribution***

All Governments and all Peoples are further Instructed to:

- **Translate this Divine Worldwide Order and Notice** into the primary languages used among their Peoples with faithful, accurate wording that preserves the meaning and Authority of the original;
- **Distribute it widely to all Peoples by every peaceful means available** – print, digital, broadcast, and direct sharing – so that no Soul is denied access to this Notice through censorship, suppression, or neglect.
- **This Divine Worldwide Order and Notice is to be fully and extensively circulated worldwide**, among and by all People, in every language and medium available. This Notice is being directly sent to all Nations worldwide, including UN member states, observers, and de facto governments, and is available to every Soul who chooses to see and to act.

## 5. CLOSING DECREE

You are not being asked to surrender your People or your Nation. You are being directed to surrender the structures of systemic harm, corruption, and artificial scarcity that have masqueraded as “security” and “development,” and to receive instead the Divine solution that restores sovereignty, dignity, and abundance to every Nation and every Soul.

In the Authority given to Me by Father God, I Witness and Decree that this Notice has now gone forth into the Earth and into the records of Heaven. Your response, or refusal to respond, will stand in the permanent Divine and historical record of this transition.
